

Since 1991, TDI's service partner has:

- Performed audits for over 2,000 clients across the US
  - Analyzed over \$300,000,000 in electric invoice costs
  - Analyzed over \$250,000,000 in natural gas and oil invoice costs
  - Analyzed over \$325,000,000 in telecom invoice costs

Our service partner's audits have identified over \$80,000,000 in refunds and savings opportunities

- In 2007, they managed over \$250,000,000 in energy procurement for clients across the US
- While there is no guarantee of savings, *NO SAVINGS = NO COST*
- Historical results
  - 98% success rate of all audits performed without any exclusions offered significant savings
  - 83% of audits result in savings and/or refunds of at least 5% (annualized)
  - 54% of audits result in savings and/or refunds of at least 10% (annualized)
  - 25% of audits result in savings and/or refunds in excess of 15% (annualized)
